

COVER LESSON 1

Name:

In this unit you are:

- Looking at relevance, audience and consistency
- Producing a presentation 'about yourself'
- Learning about vector graphics and bitmapped graphics
- Using hyperlinks to link between pages

This work is based on the unit you are doing in ICT at the moment.

You may not have done enough of the unit to complete all of today's work.

Try your best and do as much as you can

Today's work: Storyboards

You have been approached by your head of house to produce a PowerPoint Presentation to advertise after school activities in the school reception.

Your task is to plan the presentation as a storyboard. Remember to annotate your work so you know font sizes, styles, colour etc...

TASK ONE

Produce your storyboard
(Extra paper is available if you need it)

--	--

--	--

IC

1. Log on to the network
2. Open a new **PowerPoint** presentation
3. Using your storyboard, produce a presentation for reception.
4. Open **Word**
5. Evaluate your presentation, saying what you like about it and how you would improve it in the future.

Save your work

ICT ACTIVITY 2

1. If you finish, go to **Year 7 >> 7.1 (amend for your school network)**
2. Double click on the file called **7.1Crossword**
3. Try and complete this! You can get hints for each clue if necessary.

EXTENSION

Try to identify the audience for this piece of work. Once you have done that, try to find suitable images for the presentation on the Internet. Save them in your area.
